

TECHNICAL SPECIFICATIONS

**TRAVERTINE**  
**Classico Colosseo**

**Vein Cut**

\* The images can only give an idea of the material: in fact, as travertine is a natural product, it is subject to changes in color, spotting and structure.

<p><b>Material Details</b></p> <p>ORIGIN: own quarries</p> <p>AVAILABILITY: high</p> <p>CUT TYPE: vein cut and cross cut</p>
--

**CHARACTERISTIC**

This is the most classic of travertines, with a darker beige background and lighter overtones that range from light brown to cream.

This typology is available both vein cut and cross cut.
